

Informational Notice:

Special transportation regulations for ADR Class 1 transports through and in Germany

According to following regulatory texts, several difficulties for Non-German transporters arise:

- Sprengstoffgesetz (SprengG) – **Explosives Act**
 - o §7 permit for companies (handling and transportation of explosives) only available to German companies
 - o §20 permit for individuals (handling and transportation of explosives) only available in German language and required for every (truck) driver of explosives
- Waffengesetz (WaffG) – **Weapons Act**
 - o §30 Special Permit required for the movement of weapons through Germany (case sensitive; to be requested at authority)
 - o §40 Restricted Weapons: only German companies allowed to move/take responsibility for these goods with exception permit
- Kriegswaffenkontrollgesetz (KWKG) – **War Weapons Act**
 - o special care/diligence of sensitive goods

In order to avoid difficulties like:

- penalty charges of the police or customs
- detained trucks
- time consuming applications for authority permits

we can provide a solution for any of the above-mentioned difficulties.

We accompany your truck or transporter:

- from entrance border to exit border/ any location in Germany
- from start to final destination
- **Armed escorts** are available for special needs

Our personnel is well trained, multilingual and experienced with the movement of explosives according to German law.
